GOVERNMENT OF MYSORE

Sir,

Sub: Additional staff to the Municipal office, Closepet and strengthening of the conversancy establishment.

I have the honour to forward herewith the report No.225/44-45 dated 8/8/45 in original received from the Sub Division Officer, President Town Municipal Council Closepet on the above subject and to state that the normal income as anticipated in the Budget for 45-46 being Rs.40297/- it has to be classified as a second class municipality, which should have the following establishment as per Mysore Municipal Accounts Mannual

One clerk on Rs.40-2-50
One clerk on Rs.25-1-40
One clerk on Rs.20-1-25

During the course of inspections of the Municipal office the undersigned noticed that the work had enormously increased and it was found difficult to get through it efficiently with the present staff of one clerk on 25-1-40 and another on 20-1-25. With a view to facilitate quick despatch of work a revision of scale as suggested above is necessary. I therefore request that sanction of Government may kindly be obtained to the resolution of the Municipal Council made in this behalf. Nedessary proposition statement explaining the variations resulting from the ~~reversion~~ revision is enclosed for favour of reference.

As regards the strengthening the conversancy establishment, there are only 12 male sweepers at present. This number is quite inadequate considering the area and the population of the town. Just to keep the town in a fairly sanitary condition at least 8 more male sweepers will have to be employed. The Municipal council has resolved to strengthen the conservancy staff in accordance with my instructions issued to them when I visited the town last time. Since the financial condition of the municipality has improved the Government may be moved to sanction the request of the municipal council to employ 8 additional sweeper from the current year.

Regarding the third request of the municipal council to purchase 4 carts to remove rubbish from the town, I am of opinion that this would enable the council to remove the rubbish effectively from the town and use the same for the manufacture of the compost.

Since the municipality has made provision in the current year's budget and can afford to meet this item of expenditure, permission of 4 bullock carts as resolved by the Municipal Council.

The connected papers accompany.

I have the honour to be,
Sir;
Your most obedient servant,

DEPUTY COMMISSIONER
Bangalore District.

Sir,

Subject:- Additional staff to the Municipal office, Closepet and strengthening of the Conservancy Establishment.

With reference to your letter No.L.3593 dated 9-11-45 calling for additional particulars on the above subject, I have the honour to state that from the enclosed statement of income and expenditure of the Municipality for the last three years, it can be seen that there is a gradual increase of Municipal income.

2. Since this is classified as a second class Municipality, the additional staff recommended in my previous letter of even number dated 3-9-45, is absolutely necessary in order to get through the increased work in an efficient and prompt manner.

P.I.O.

3. As regards the enhancement of the conservancy establishment, the present number of 12 male sweepers is too inadequate considering the area and the population of the town.

4. In these circumstances, I request that Government may be moved to sanction the request of the Municipal Council for employing additional staff and also for strengthening the Conservancy Establishment.

5. The report of the President is herein enclosed for favour of reference.
